

Crylcam Search Camera

The Crylcam Search Camera is a simple, sturdy and waterproof camera for search & rescue and scanning operations.

The only product of its type able to see 15m in the pitch dark, the 30mm diameter camera head gives easy access to trapped casualties, allows for customs searches and can even be used underwater!

The entire system is housed in a compact and lightweight moulded case. Powered by internal Li-Ion batteries, the camera will work for up to 5 hours between charges.

Ideal for police, customs, prisons, military and security work.

System supplied complete with:

- Clear LCD screen
- Camera unit with 5m cable
- Charger unit
- 57 – 370cm telescopic pole
- Anti-glare sun visor
- 'Video out' connector for output to TV or monitor

Just by manipulating the camera lead, the head can be orientated in all directions. The entire kit is supplied in a handy carry case.
